

**KEEP OUT OF REACH
OF CHILDREN**

CAUTION

Harmful if swallowed. Avoid breathing spray mist. May cause irritation of nose, throat, or skin. Avoid contact with eyes, skin, or clothing. In case of contact with eyes, flush with copious amounts of water. Consult physician if irritation persists.

GENERAL INFORMATION

AMPLE is a proprietary blend of micronutrients. AMPLE should be diluted with water prior to application and may be used together with pesticide spray except dormant oil, dinitro compounds, lime-sulfur and highly alkaline spray materials. When applying AMPLE to brassica crops or other plants with a waxy leaf surface, a wetting agent may be included to ensure good leaf coverage. The rates given under Directions for Use should be adjusted according to the crop stage of development, the number of applications intended and the soil and weather conditions. Avoid applying AMPLE with a herbicide at full rate. Contact your local representative prior to application with a herbicide.

**STIR WELL BEFORE AND DURING
USE.**

Freezing temperature 32 Deg. F.
