

Ample.

Microbial growth stimulant
for seeds and plants

When you demand more
from what you plant,
your plants demand

Ample.

Helps aid germination time

Stimulates seed germination
Accelerates seedling emergence

Helps build root mass

Increases root nodulation
Promotes cell elongation

Promotes microbial activity

Increased nutrient breakdown
Increased nutrient uptake
Essential for plant synthesis of nutrients
Promotes a balanced nutrient profile

Promotes Crop Vigor & Yield

through
Seed Germination
Root Mass Development
Microbial Activity/Nutrient Uptake

Proudly manufactured in the USA
